Vineyard Road Bridge Replacement at Laguna Creek

FEBRUARY 2010

The Sacramento
County Department of
Transportation

Mission

Our mission is to continuously improve, operate, and maintain a safe and efficient transportation system that serves our citizens and commerce.

Vineyard Road Bridge Replacement is Coming to Your Area

Project Description

This project will replace the Vineyard Road Bridge at Laguna Creek in the Vineyard Community of South Sacramento County to provide a number of roadway and creek system benefits:

- Raising the roadway profile to clear 100-year flood events.
- Replacing the existing 50 year old bridge to meet current seismic codes.
- Adding dedicated shoulders and sidewalks on both sides of the bridge to provide safety and accessibility for bicyclists, pedestrians, and persons with disabilities.
- Adding paths and sidewalks with safety fencing on one side of the bridge for people riding or leading horses.
- Street lighting, drainage and landscape improvements.

Current Conditions

Funding

Estimated Total Cost of this project is \$8.7 million with funding provided by the Federal Highway Bridge Program and the Vineyard Springs Public Financing District.

Vineyard Road Bridge Replacement @ Laguna Creek

When completed, this project will provide a number of benefits including:

- Improving safety for motorists, bicyclists, pedestrians, & equestrians.
- Meeting Americans with Disability Act requirement improvements.
- Future traffic capacity to ease congestion and delays.
- Improving drainage capacity on Laguna Creek—less chance of bridge damage during high water events.
- Improving seismic features—bridge will last longer with less need for repairs.
- Beautification of the project area.
